

NOZZLE - OUT2 (SiC)

10203.00.0.01

Key facts:

- Less trend to nozzle clogging
- For Inconel
- Compatible with all variants of the Impact Gun
- Combination with various accessories possible

The Nozzle - OUT2 is a shortened nozzle with a higher expansion rate. Operation in conjunction with air or water cooling is recommended. This greatly reduces wear and tear and the risk of nozzle clogging.

The Nozzle - OUT2 is compatible with all versions of the Impact Gun. It can also be used in combination with various accessories.

The SiC - nozzle has a high thermal conductivity, is extremely resistant to clogging and is suitable for nickel-based superalloys such as Inconel.

Technical data

Expansion ratio	10.0
Total length	109.7 mm
Material	Silicon carbide (SiC)
